Simple, practical solutions for tool storage.

Introducing the comprehensive perfo product range, which was designed to make optimum use of valuable operating space. Perfo panels are at the core of a range providing an economical, long-lasting means of storage. The vast range of accessories make perfo storage exceptionally versatile and flexible. As a scalable system panels and accessories can simply be added as storage needs change at minimal cost. Every element making up the range has resulted from 75 years of experience gained in the field of small parts and tool storage.

A simple concept:

Re-inforced panels

Fully flanged metal panels are re-inforced with channel backstrips and strengthened fixing points. Epoxy powder coated.

Perfo locking clip

Accessories are quickly secured to panels with the unique perfolock (included), and may be repositioned with ease at any time. Each kit supplied complete with a handy plastic spanner.

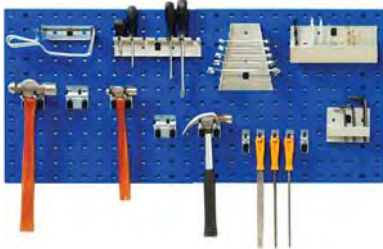

Longevity

A wide variety of hooks manufactured from steel, zinc plated to give a long, corrosion resistant life. Hook end caps for safety.

Perfo panels

At the core of the perfo range are wall panels, a cost effective and easy solution to solve storage issues whilst still allowing easy access to tools

- Panels feature re-inforced backstrips for rigidity
- Perforated symmetrically with square holes
- Can be mounted vertically

Perfo wall

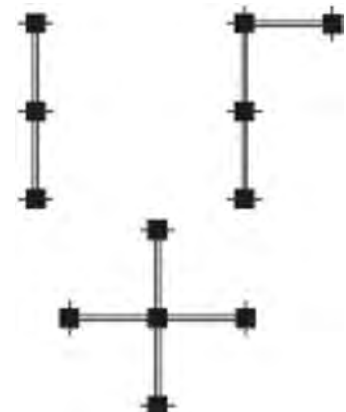

A freestanding tool storage system utilising upright members to provide support to standard perfo panels. The design of perfo wall allows complete flexibility in the layout; 90° turns can be made in any direction. Perfo wall makes an ideal workshop divider and can help where wall space is limited. Commence with a starter bay and add extension bays to create a custom layout.

- All types of perfo wall are 1845mm high
- Free standing - no additional support required
- Single or double sided
- Full instructions supplied for a quick and easy assembly

Various hook kits to suit Perfo wall can be found on page 7
